Effectiveness of Vector system in treatment of peryimplantitis: clinical and experimental study.

Kamilov N. - 5th year student. Tashkent Dental State Institute

Psychosomatic disorders of heart failure and ways for their correction.

Djalilova S. - Master student. Tashkent medical academy

Treatment of patients with combined atherosclerotic lesions of carotid and coronary arteries.

Karimov R. - Master student. Tashkent medical academy

The role of “Iagoden” in treatment of epistaxis surgery of chronic polypoid rhinosinusitis.

Sultonov D. - 6th year student. Tashkent medical academy

Diagnostic value of olfactory loss in Parkinson's disease.

Kadirova A. - Master student. Tashkent medical academy

AWARD CEREMONY CLOSING REMARKS

11:00 – 11:45 Coffee break

The role of the expression of a chimeric bcr-abl oncogene in molecular diagnosis and monitoring in treatment of patients with chronic myeloid leukemia.

Mohammad Din Asmo. - Master student. Tashkent medical academy

Evaluation of effectiveness of transjugular intrahepatic portosystemic shunt (TIPS) for controlling portal hypertension complications in cirrhotic patients.

Abdullaev B. - 4th year student. Tashkent medical academy

Optimization of alopecia areata therapy.

Ismailova F. - Master student. Tashkent medical academy

Assessment of impact of the polymorphic marker gene plasminogen activator inhibitor type 1 on coagulation balance in patients with coronary heart disease.

Khasanova N. - Master student. Tashkent medical academy

Realization of reproductive technologies in women with hyperprolactinemia

Yangibaeva D. - Master student. Tashkent medical academy

Retrospective analysis of the varicocelelectomy efficacy in patients with primary and secondary infertility.

Shomarufov A. - Master student. Tashkent medical academy

13:30 – 14:30 Lunch

The role of auto-osteoplasty in treatment of pseudarthrosis on long bone.

Saatova U. - 4th year student. Tashkent medical academy

TORCH-infection as etiological factor in development of chronic urticaria in children.

Ganieva D. - 5th year student. Tashkent medical academy

The influence of music on the brain.

Atakhanova A. - 2nd year student. Tashkent medical academy

Pecularity of renal resection operation in renal cell carcinoma.

Oripov D. - Master student. Tashkent medical academy

Prevalence of arterial hypertension in young adults.

Azimova F. - Master student. Tashkent medical academy

Modern methods of management of anterior knee pain.

Ibotov B. - 6th year student. Tashkent medical academy

LIST OF POSTER PRESENTATIONS

Comorbid anxiety and depressive disorders at patients with ischemic heart disease with rhythm disturbances.

Butaeva N. - 7th year student. Tashkent medical academy

Clinical study psycho-emotional state of hypothyroidism in patients with beck depression inventory (BDI) scores.

Mamatkulov E. - Master student. Tashkent medical academy

The role of endogenous epidermal growth factor receptor ligands in mediating corneal epidermal homeostasis.

Khoshimova N. - 6th year student. Tashkent medical academy

The condition of cerebral hemodynamics in the secondary vascular Parkinsonism.

Akramova D. - Master student. Tashkent medical academy

Clinical and diagnostic criterias of osteopenic syndrome in children with chronic bronchitis.

Narzikulova M. - 4th year student. Tashkent medical academy

Adhesive time application as a risk factor for longevity of tooth composite restoration.

Khobilov B., Kakhkharova D., Kamilov N. - 5th year student.

Tashkent Dental State Institute

Endoscopic nosebiliar drainage in complicated forms of cholelithiasis.

Ruzimurodov N. - Master student. Tashkent medical academy

Social and hygienic aspects of working conditions nurse.

Idrisova I. - Master student. Tashkent medical academy

The role of inflammatory component in the pathogenesis of parkinson's disease and the degree of awareness about this disease.

Tursunov S., Agzamov R. - 4th year students. Tashkent medical academy

Methods of Endovascular Treatment at patients with acute deep vein thrombosis of the lower extremities

Khusinov D. - Master student. Tashkent medical academy
